Code: **UH.W100.XX**

- Accommodates 10 to 12mm glass
- Available with 0° closed preset position or fully adjustable
- Offset wall mount plate for clean site line
- Available in multiple finishes

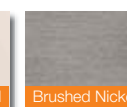

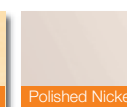

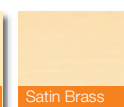

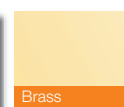

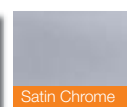

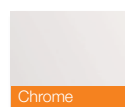

This back plate configuration is the most commonly used solution for wall mounted doors. The door can swing 90° inwards or 90° outwards.

Maximum Capacities	Weight	Door Width
Using 2 Hinges	50kg	914mm
Using 3 Hinges	63kg	914mm
10mm Glass = 25kg per sq/m - max height: 2.4m		
12mm Glass = 30kg per sq/m - max height: 2.7m		

Offset Wall Mount Plate Hinge

Finishes:

Please note: Finish images are not a true representation of colour of final product however our finishes listed will match other bathroom products. These should be used as a guide only. 'XX' in the code denotes finish, please specify.

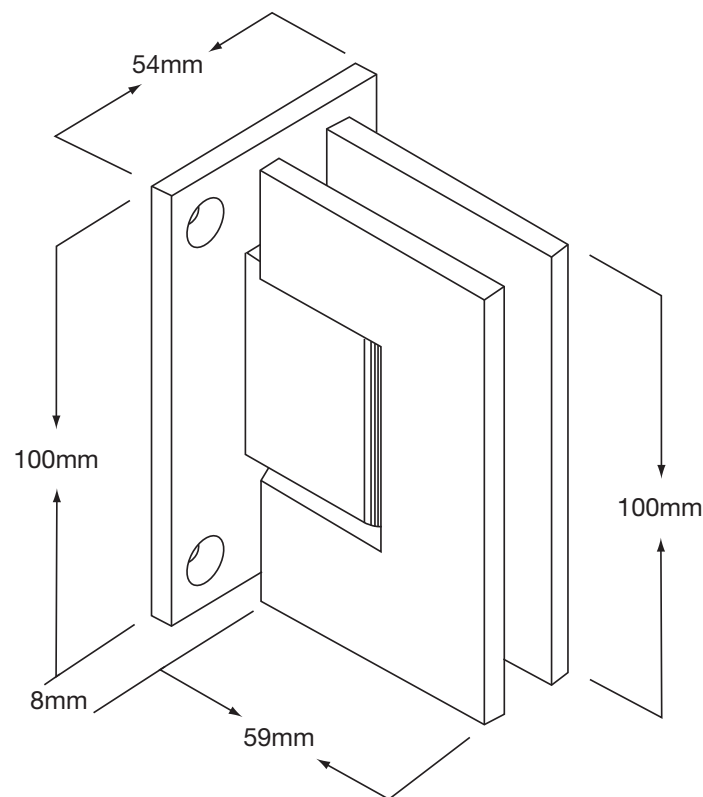

Code: **UH.W200.XX**

- Accommodates 10 to 12mm glass
- Adjustable to any angle up to 90°
- Available with 0° closed preset position or fully adjustable
- Available in multiple finishes

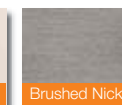

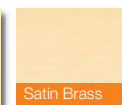

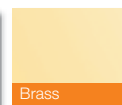

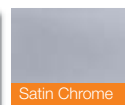

The full back plate hinge is most suited to nib walls where there is a limited area to fix to. The doors can swing 90° inwards or 90° outwards.

Maximum Capacities	Weight	Door Width
Using 2 Hinges	50kg	914mm
Using 3 Hinges	63kg	914mm
10mm Glass = 25kg per sq/m - max height: 2.4m		
12mm Glass = 30kg per sq/m - max height: 2.7m		

Adjustable Wall Mount Full Back Plate Hinge

Finishes:

Please note: Finish images are not a true representation of colour of final product however our finishes listed will match other bathroom products. These should be used as a guide only. 'XX' in the code denotes finish, please specify.

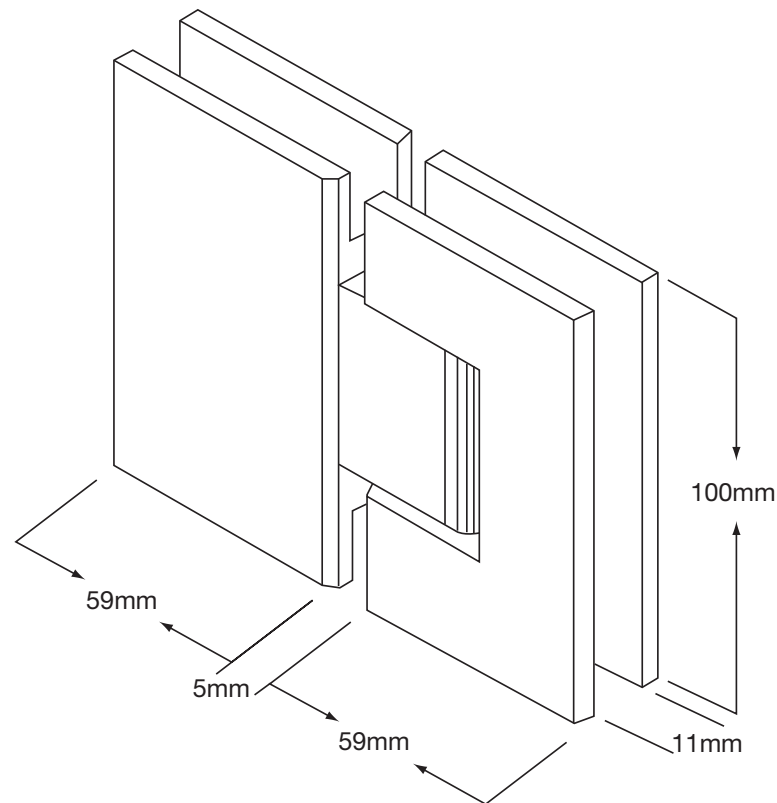

Code: **UH.G180.XX**

- Accommodates 10 to 12mm glass
- Available with 0° closed preset position or fully adjustable
- Available in multiple finishes

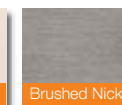

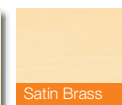

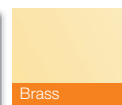

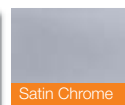

The door can swing 90° inward or 90° outward.

Maximum Capacities	Weight	Door Width
Using 2 Hinges	50kg	914mm
Using 3 Hinges	63kg	914mm
10mm Glass = 25kg per sq/m - max height: 2.4m		
12mm Glass = 30kg per sq/m - max height: 2.7m		

Adjustable 180° Glass-to-Glass Hinge

Finishes:

Please note: Finish images are not a true representation of colour of final product however our finishes listed will match other bathroom products. These should be used as a guide only. 'XX' in the code denotes finish, please specify.

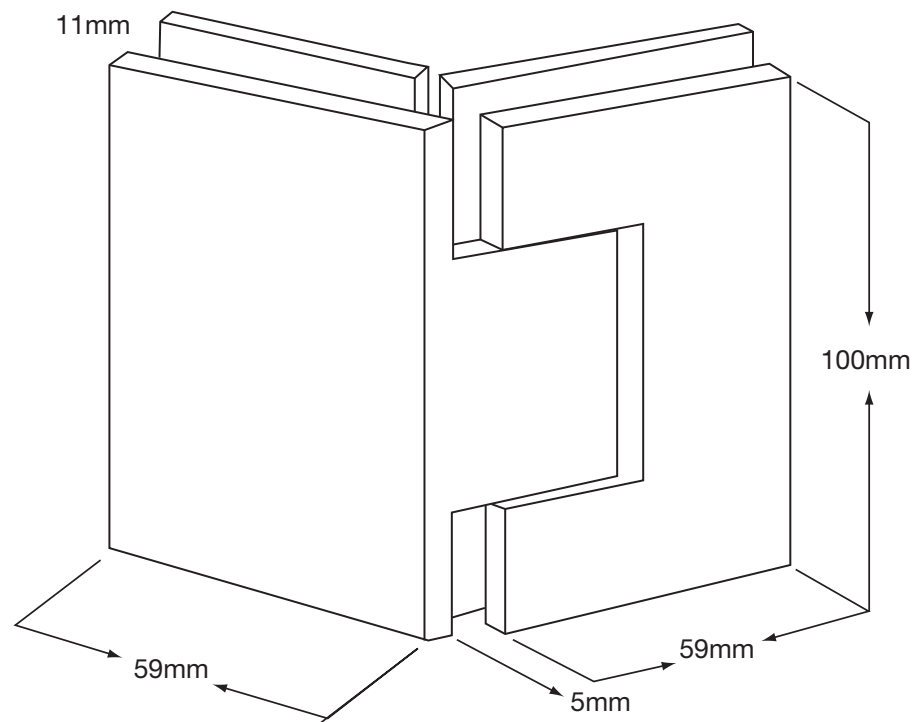

Code: **UH.G135.XX**

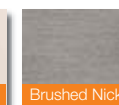

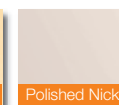

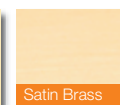

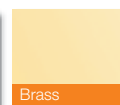

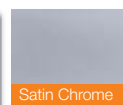

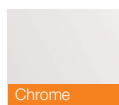

- Accommodates 10 to 12mm glass
- 135° glass-to-glass
- Available in multiple finishes

This 135° glass-to-glass hinge is designed for pentangle shower areas with a 90° outward opening.

135° Glass-to-Glass Hinge

Finishes:

Please note: Finish images are not a true representation of colour of final product however our finishes listed will match other bathroom products. These should be used as a guide only. 'XX' in the code denotes finish, please specify.

Maximum Capacities	Weight	Door Width
Using 2 Hinges	50kg	914mm
Using 3 Hinges	63kg	914mm
10mm Glass = 25kg per sq/m - max height: 2.4m		
12mm Glass = 30kg per sq/m - max height: 2.7m		

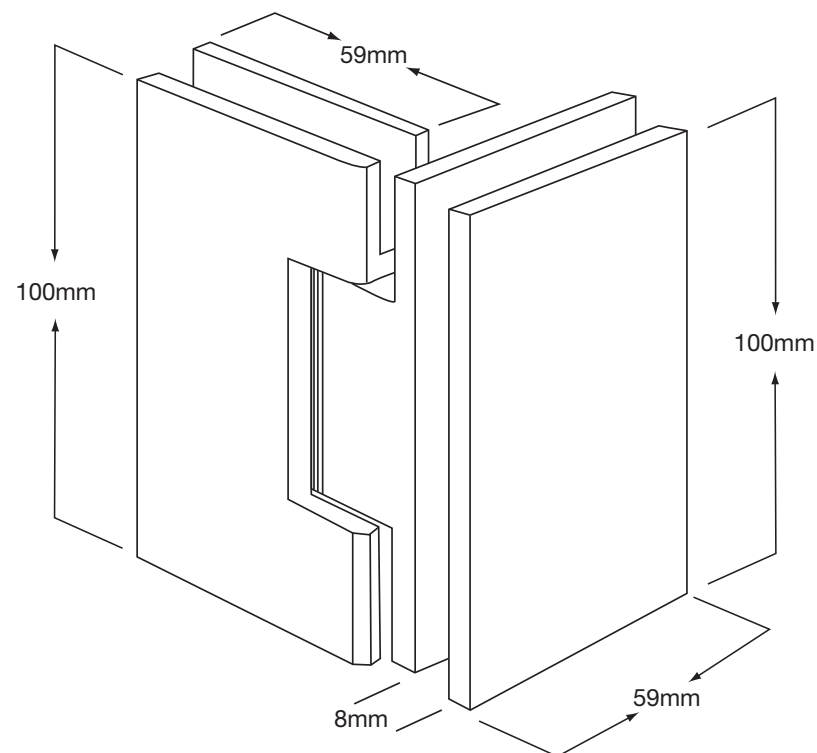

Code: **UH.G90.XX**

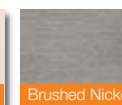

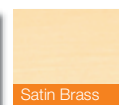

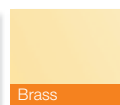

- Accommodates 10 to 12mm glass
- 90° glass-to-glass wall hinge
- Available in multiple finishes

The 90° glass-to-glass hinge enables a door to be hinged off the end of a glass panel at 90°. The door has the option of swinging 90° inwards or 90° outwards.

90° Glass-to-Glass Hinge

Finishes:

Please note: Finish images are not a true representation of colour of final product however our finishes listed will match other bathroom products. These should be used as a guide only. 'XX' in the code denotes finish, please specify.

Maximum Capacities	Weight	Door Width
Using 2 Hinges	50kg	914mm
Using 3 Hinges	63kg	914mm
10mm Glass = 25kg per sq/m - max height: 2.4m		
12mm Glass = 30kg per sq/m - max height: 2.7m		

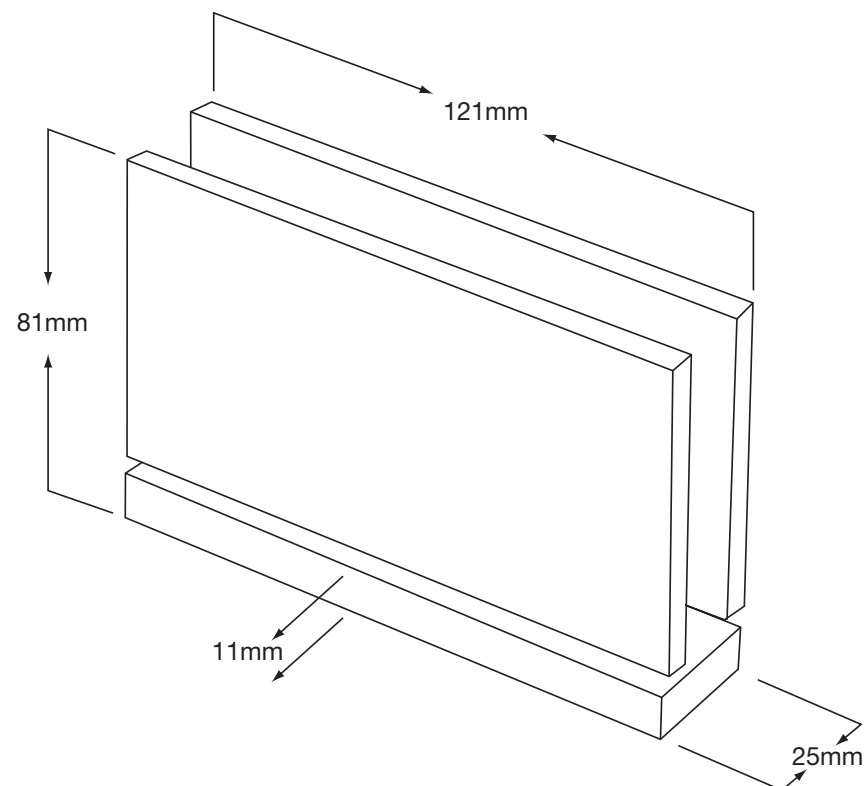

Code: **UH.P100.XX**

- Accommodates 10 to 12mm glass
- Top or bottom mount
- Available in multiple finishes

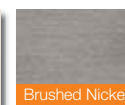

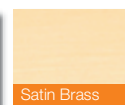

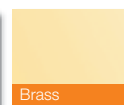

Top and Bottom Mount Pivot Hinges are designed for use with 10 or 12mm thick tempered safety glass. Some advantages of the Top and Bottom Mount Pivot Hinges include the fact that they carry the majority of the door weight on the bottom hinge, and have the ability to be inset from the door edge, enabling sufficient clearance for towel bars or other projections. The pivot has a 0° stop position and will open inwards 90° and outwards 90°.

Maximum Capacities	Weight	Door Width
Using 2 Hinges	50kg	914mm
Using 3 Hinges	63kg	914mm
10mm Glass = 25kg per sq/m - max height: 2.4m		
12mm Glass = 30kg per sq/m - max height: 2.7m		

Top & Bottom Offset Divot Hinge

Finishes:

Please note: Finish images are not a true representation of colour of final product however our finishes listed will match other bathroom products. These should be used as a guide only. 'XX' in the code denotes finish, please specify.

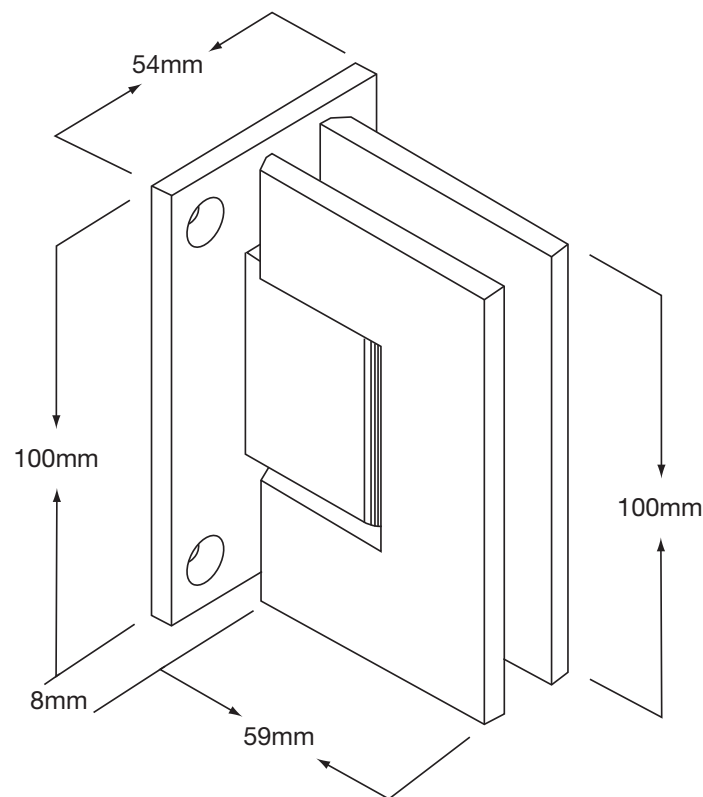

Code: **UH.HW200.XX**

- Accommodates 10 to 12mm glass
- Recommended for use as entry doors to bathroom/shower area or shower door
- Hold open or no hold open option
- Adjustable closing speed
- Available in two finishes

This Hydraulic 90° Wall Hinge swings in and out a full 90°, with stops at 0°, +90°, and -90°. Closing speed can be adjusted. For doors up to 1m wide. Maximum weight per two hinges is 100 kg.

- 10mm Glass = 25kg per sq/m - Max Height = 2.4m
- 12mm Glass = 30kg per sq/m - Max Height = 2.7m

Hydraulic 90° Wall Hinge

Finishes:

- Perfect for for keeping shower enclosures looking pristine
- Replacement Blades Available

Squeegees

Mod SQSS

This Deluxe Shower Squeegee is designed with a chrome plated, zinc die-cast handle that is rust and tarnish free. The polished stainless steel blade holder secures a 254mm wide, grey coloured blade that effectively removes water spots and soap film from all types of bathroom surfaces. It's a fast and easy way to keep a spotless shower. The Squeegee hangs on an attractively designed suction hook that installs easily onto the shower wall. The blade is reversible to extend its service life. Replacement blades are available.

SQACR

The acrylic handle Crystal Clear Squeegee can be used after each shower to quickly wipe the glass to a spot-free finish, assisting in preventing mildew. The stylish, ergonomically designed handle is made of durable acrylic, and the stainless steel blade holder has a 254mm rubber blade. The Crystal Clear Squeegee will be rust and tarnish free, and comes with a strong suction cup holder for convenient storage.
